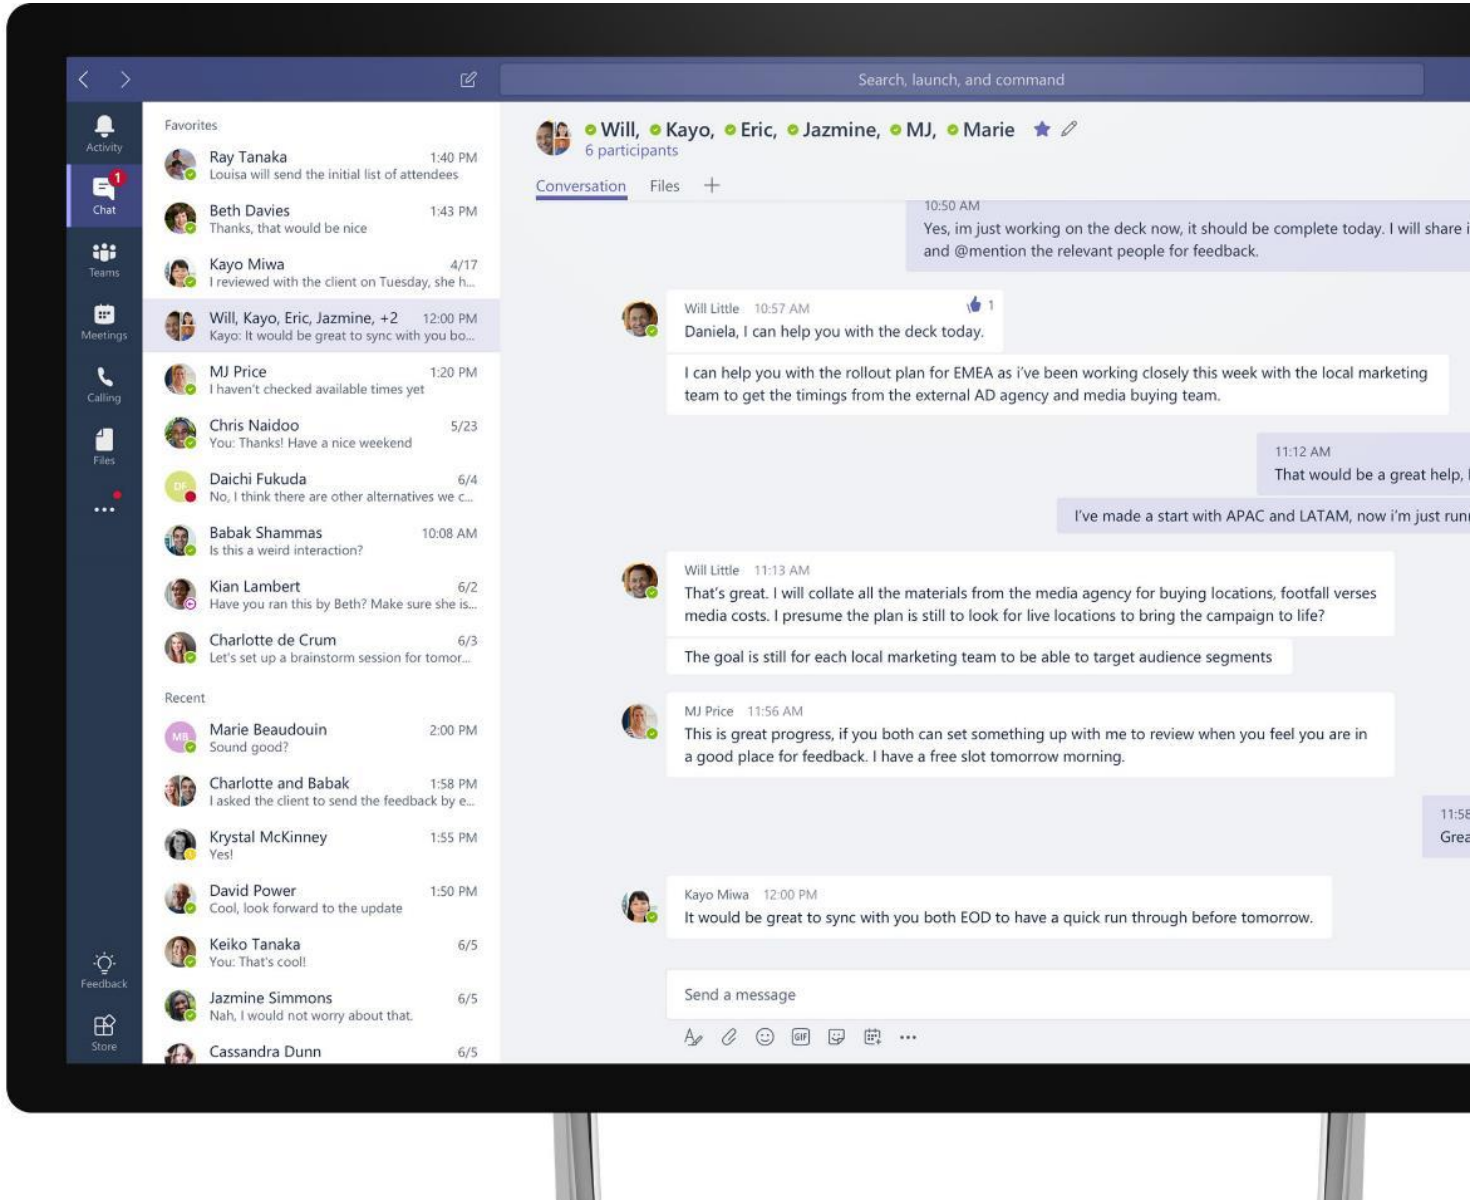
85.4% of first year undergraduate responses agree that they have had opportunities to use the Future Facing Learning Toolkit to enhance their learning



FUTURE FACING LEARNING

‘It gives so much access to resources and I can write and re-write notes without using paper. Having the right apps really helped my studies. I was able to have all my notes with me no matter where I was and I could study on the go’.

Hi, I am looking at Lesson 1 - Slide 12 - Number 7...It says to right-click on the Open command and select Remove from Quick Access Toolbar. I can select and un-select no problem but when I right click on Open nothing happens. It doesn't give me any options to remove the icon. Has anyone else had this problem?

Hi, I'm making my way through the lessons. However, when I got near the end of lesson 9, it is asking me to the open 09 4Strong Tour Revenues. The problem is, is that the file is not there.
